## RESIDENT MAKES A COUNTER OFFER

nds Rail Workers Representa-  
tives Answer to Demands and  
Also Submits a Proposition

ITHER ONE MADE PUBLIC

derstood President Refused Rail  
Men's Request For Increase of  
40 Percent

(By United Press.)

Washington, Feb. 13.—President  
Johnson today handed representa-  
tives of two million railroad work-  
ers his decision on their wage de-  
mands and at the same time submit-  
ted to them a proposition which is  
expected to lead to further negotia-  
tions, it was authoritatively stated  
at the White House.

It was understood that the pre-  
sident refused demands for imme-  
diate wage increases of approxi-  
mately 40 percent.

What constitutes the counter pro-  
position was not disclosed by White  
house officials.

Immediately after seeing Wilson,  
the railroad men's committee, con-  
sisting of Timothy Shea, head of  
the firemen; E. Manion, head of the  
freight conductors; and Bert Je-  
ll, head of the American Federa-  
tion of Labor railway department,  
set other railroad representatives  
a hotel. This meeting lasted only  
a few minutes and the union men  
then went to the American Federa-  
tion of Labor headquarters for fur-  
ther conferences.

The meeting of the railroad men  
who represented fourteen railroad  
unions expected to frame a reply to  
resident Wilson's proposal as  
sented to their committee. This re-  
ply, which they hoped to send to the  
White House late today, probably  
will be made public at the same  
time as the president's proposition,  
which will be given out tomorrow.

Committeemen said the president  
received them sitting in his wheel  
chair on the south portico of the  
White House. They said his hand-  
shake was firm, his gestures vigor-  
ous and his eye clear.

## NEW NOTE OPENS GATE FOR MORE DISCUSSION

While Firm in Tone, It Will Follow  
in Part Lloyd George's Ideas  
Regarding War Guilty

TRIAL MAY BE IN "ABSENTIA"

(By United Press.)

Paris, Feb. 13.—The new allied  
note to Germany on delivery of war  
guilt reported to have been decided  
upon by the council of premiers at  
its session in London yesterday,  
"opens the gate for new discussion,"  
according to information in French  
circles today.

While the note will be firm in tone  
it was said it will follow out in part  
the suggestions of Premier Lloyd  
George, which he urged because of  
the political situation in Great Brit-  
ain.

Premier Millerand, according to  
French sources, insisted there must  
be no modification of the essential  
part of the Versailles treaty and  
asked Lloyd George and Nitti to  
support his plan for extension of  
military occupation of Germany if  
the treaty clauses are not carried  
out.

In some French quarters it was  
believed that if Germany persists in  
their refusal to surrender those  
guilty of war crimes and the allies  
are unable to bring about practical  
methods to obtain the arrests then  
the war guilty may be tried in "ab-  
sentia" so their crimes may be pub-  
lished to the world.

## KILLED BY STREET CAR.

Indianapolis, Ind., Feb. 13.—Fred  
W. Bauer, age fifty-six, 1516 Ring-  
gold street, was killed instantly early  
today when he was struck by an out-  
bound street car on the Shelby street  
line in front of 1606 Shelby street  
as he was on the way to work. His  
skull was fractured and he was in-  
jured internally.

## Indiana State Library • HNTD GUMMITT •

Posty Farmers Will Purchase Fer-  
tilizer It is Announced

The Posey township farmers held  
their regular meeting last night  
and appointed a committee to look  
into the fertilizer proposition which  
seem now to be the big topic with  
the farmers. County agent M. F.  
Detrick was present and Frank Mul-  
lins of this city each gave interesting  
talks. The meeting was held in the  
Arlington school house and another  
meeting will be held on the 19th at  
one o'clock when a soil survey will  
be given and Mr. Detrick will test  
the soil to see if it needs lime.

## MEMORY OF SOLDIERS TO BE HONORED HERE

American Legion Will Present  
French Memorial Diplomas to  
Next of Kin February 22

PLACE NOT YET DETERMINED

Rush Post No. 150 of the Ameri-  
can Legion has made arrangements  
for the formal presentation of  
French Memorial Diplomas to the  
next of kin of eight Rush county  
men who gave their lives in the  
world war, on Washington's birth-  
day, Sunday, February 22. The  
place for holding the ceremony has  
not been determined but will be an-  
nounced soon.

The French government is giving  
the diplomas to the relatives of all  
Americans who made the supreme  
sacrifice, and thus far only eight  
have been received here, but it is  
presumed that the memory of all  
Rush county men who died or were  
killed overseas will be thus honored.

The persons to receive the diplo-  
mas are as follows: John F. Daw-  
son of Glenwood, brother of Mur-  
ray H. Dawson; Wade H. Innis of  
Milroy, father of Marshall Innis;  
Mrs. Cassius Pattison, mother of  
Cyrus E. Pattison; Mrs. Carrie Neal  
of this city, mother of Herbert  
Neal; Mrs. Edith B. McKee, moth-  
er of Raymond Hamilton; Mrs. Will  
Pea, aunt of Charles E. Garrison;  
James Shannahan of near Rush-  
ville, father of James Shannahan;  
A. J. Cox, father of Elbert H. Cox.

## ACTION TO HALT SALE OF SHIPS IS BLOCKED

Sen. Jones Objects to Resolution  
Requiring 3 Months Notice  
Going Through Regular Route

SENATE TRIES A SHORT CUT

(By United Press.)

Washington, Feb. 13.—Senate ac-  
tion to halt the contemplated sale  
of ex-German liners by the shipping  
board was blocked today when Sen-  
ator Jones, Washington, objected to  
consideration of the Ashurst resolu-  
tion until after it had been pass-  
ed upon in committee.

The Ashurst resolution would have  
forbidden sale of the ships except  
at a public sale to the highest bid-  
der, after three months notice.

The shipping board intended to  
auction the ships Monday.

Senator Jones, who is chairman  
of the senate commerce committee  
to which the resolution now goes,  
objected when Ashurst, author of  
the measure, asked unanimous con-  
sent for its immediate consideration.

"I cannot consent to that proce-  
dure," Jones said. "It is a joint re-  
solution and must first be referred  
to committee the same as a bill."

Following the denunciation of the  
shipping board plan in the senate,  
John Barton Payne, chairman of the  
shipping board was hastily sum-  
moned to appear before the Senate  
Commerce committee this afternoon.

"Constitutional prohibition which  
makes government owned passenger  
vessels dry, was given by Payne as  
the main reason for the sale of the  
twenty-nine former German liners."

Government operation of these  
vessels under such conditions can-  
not be successful and the ships can  
be sold to a better advantage now,  
Payne declared today.

## INDIANAPOLIS MAN RIVALS TO CLASH GIVES \$1,000 BOND

Elmer L. Keeler is Arrested on a  
Charge of Blackmail Contained  
in Grand Jury Indictment

EVA CLOUD GRANTED DIVORCE

Case of State Against Cecil B. Col-  
lins, Former Shelby County Clerk,  
is Set For May 10

Elmer L. Keeler of Indianapolis,  
who was arrested yesterday after-  
noon late by Sheriff Jones in that  
city and returned here, did not en-  
ter a plea and furnished bond in  
the sum of \$1,000. He was charged  
with blackmail in a grand jury in-  
dictment returned during the last  
session of the grand jury.

The indictment is in two counts,  
the first alleging that on December  
9 of last year he threatened Reno  
Jordan to enter a plea of guilty  
for grand larceny, and caused him  
to surrender certain chattel mort-  
gages and other valuable papers by  
his threats.

The second count states that  
Reno Jordan suffered mental strain  
and humiliation, because of the  
threats and his name was made  
public in a matter which disgraced  
him.

Eva Cloud was granted a divorce  
yesterday in circuit court from Wal-  
ter Cloud. Mrs. Cloud brought the  
suit by her next friend, Mrs. Mar-  
cella Cloud. The defendant appear-  
ed with his attorney and the evi-  
dence of both sides was heard, after  
which Judge Sparks found for the  
plaintiff granting the divorce upon  
payment of the costs by her.

The case of the state against Ce-  
cil B. Collins sent here from Shelby-  
ville, has been set now for May 10.  
Collins is charged with embezzle-  
ment, being former clerk of the  
Shelby circuit court, and the case  
was venued to this county.

A few days ago it was scheduled  
for trial here and after Judge  
Sparks had overruled a motion for  
a continuance, the defendant then  
asked for a change of judge, and  
decided upon John Craig of the De-  
catur circuit court. Judge Craig was  
here yesterday and set the trial for  
May 10, which will be in the May  
term of court.

## OTTO MURPHY EXPIRES OF DOUBLE PNEUMONIA

Young Farmer Dies at Home of  
Parents Near Gings Following  
Attack of Influenza

FUNERAL SUNDAY AT 1:30 P. M.

Otto Murphy, aged 34 years, ex-  
pired last night about eight o'clock  
at the home of his parents, Mr. and  
Mrs. George Murphy, near Gings  
Station. Mr. Murphy was taken ill  
twelve days ago with influenza and  
double pneumonia developed, which  
caused his death.

The deceased was a former resi-  
dent of this city and in recent  
years had been engaged in farming  
with his father in northeastern  
Rush county. He was very well  
known and assisted his father here  
several years ago, when he was en-  
gaged in the pool room business in  
East Second street.

Besides the parents, he is survived  
by a daughter Helen, nine years old,  
Mrs. Murphy having preceded him  
in death several years ago. One sis-  
ter, Mrs. Gus Borem of Fayette  
county, also survives. The funeral  
services will be conducted at the  
late residence Sunday afternoon at  
1:30 o'clock and burial will be made  
in East Hill cemetery.

ARIZONA IS 31st STATE.

Phoenix, Ariz., Feb. 13.—Ratifica-  
tion of woman suffrage amendment  
to the federal constitution by a  
special session of the Arizona legis-  
lature was completed last night  
when the senate adopted the ratify-  
ing resolution, following similar ac-  
tion by the house yesterday after-  
noon. Both branches made it unan-  
imous. Arizona is the thirty-first  
state to ratify the amendment.

## CONNERSVILLE HIGH SCHOOL COMING ON SPECIAL CAR WILL MEET LOCAL QUINTET

FAST GAME IS EXPECTED

Many Substitutes Will Play For  
Rushville on Account of Sick-  
ness Among Players

Old time rivals will clash here to-  
night when the Connersville high  
school basketball team meets the  
local five and one of the biggest  
crowds of the season will be on  
hand to root for both sides. The  
locals defeated Connersville a few  
weeks ago at Connersville by one  
point and tonight the visitors will  
make a big attempt to win on the  
floor here.

It was not decided until late yes-  
terday that the game would be held  
on account of sickness of the local  
players, as the game here Wednes-  
day night was called off and placed  
at a later date. Coach Sutton was  
unable to find another date and it  
was decided to play the game any-  
way using substitutes, as Conners-  
ville has made arrangements to  
come here on a special car, one  
hundred strong.

Coach Sutton will start the game  
tonight with many of the second  
string men. Titworth, Casady and  
Phillips will be at forward, Emerson  
Headlee at center and Frizee and  
Jordan will play at guard. Frizee  
and Headlee will be the only two  
varsity men on the team tonight.

The men that will play tonight  
however will exert their best efforts  
in defeating Connersville. Eakins  
and Miller, regular players will pro-  
bably be in uniform, and will fin-  
ish the game if the score happens  
to be very close. L. Headlee, other  
forward will not be able to play nor  
will Moore, one of the best substi-  
tutes.

The special car will leave Con-  
nersville at 6:30 tonight, arriving  
here about seven. Coach Sutton did  
not know this morning whether they  
were bringing their second team or  
not, and in case they do, a double  
header will be played, the first game  
starting at 7:30.

The team will rest next week and  
indulge in light practice work, in  
preparation for the Franklin game  
which will take place here on Fri-  
day night. A game will be played  
with Morristown on Wednesday  
night in which the second string men  
and varsity will have short work  
outs.

## FAVOR STATE TICKET FOR COMING ELECTION

Union Labor Delegates at Indiana-  
polis Today Take no Action on  
Proposal However

CHICAGO MAN IS SPEAKER

(By United Press.)

Indianapolis, Ind., Feb. 13.—When  
union labor delegates convened here  
today to form a state labor party,  
there was a strong under current  
of sentiment in favor of getting a  
ticket in the field at the coming  
state election. There was talk among  
the delegates that the party should  
have a candidate for governor. No  
official notice was given this move,  
however.

The delegates represented practi-  
cally every local union in the state.  
The meeting was called by officials  
of the State Federation of Labor.  
Frank Ester of Chicago, secretary  
of the National Labor party and a  
coal miner of Illinois, was the first  
speaker of national importance.

Ester spoke of labor and political  
conditions in Russia, France, Italy  
and England and praised the work  
being done by the labor party in  
England. There was a great demon-  
stration when Ester declared that  
war profiteers should be deported.  
About twenty-five women represen-  
tatives were attending the meeting.  
Turning to these, Ester declared the  
women should not be forgotten in  
the formation of a state labor party.

## MRS. ELLA PHELPS DIES

Funeral of Carthage Woman Will  
be Held Saturday at 2 P. M.

Mrs. Ella Phelps, wife of William  
Phelps, died at her home in Car-  
thage yesterday after a long illness  
and the funeral services will be held  
at the late residence at two o'clock  
tomorrow afternoon. Burial will take  
place in Walnut Ridge cemetery.

Besides her husband, she is sur-  
vived by one sister, Mrs. Susie Har-  
lan of Indianapolis; and four  
brothers, Charles S. and Irvin M.  
Hill of Carthage, William Hill of  
Oklahoma and Clarkson Hill, who  
lives in the west.

## WATSON IS SECOND IN NEWSPAPER POLL

Although Not Avowed Candidate  
For President, South Bend Tri-  
bune Shows Him Near Wood

DEMOCRATS FAVOR M'ADOO

Although not an avowed candi-  
date for the republican nomination  
for president, Senator James E.  
Watson of this city is second only  
to Major General Leonard Wood,  
who is seeking the nomination, in  
the number of first choice votes re-  
ceived in a poll of Indiana taken by  
the South Bend Tribune.

Great care was exercised in tak-  
ing the poll, according to the Tri-  
bune, in the hope of receiving as ac-  
curate an idea as possible of pub-  
lic sentiment in the various locali-  
ties. Republican editors in each  
county were asked to express their  
first, second and third choice based  
on their knowledge of sentiment in  
their territory. Editors of democra-  
tic and independent newspapers  
were also asked to vote. The poll  
revealed that William G. McAdoo,  
former secretary of the treasury,  
is the choice of Indiana democrats.

Senator Watson received 23 first  
choice votes, 17 second choice and  
eight third choice. Maj. Gen. Wood  
was first with 44 first choice votes,  
21 second and 13 thirds. Senator  
Harding of Ohio and Governor  
Lowden of Illinois divided honors  
for the third position, each receiving  
six first choice votes. Lowden, how-  
ever, received the most second and  
third choice votes.

## DRY AGENTS SWEEP DOWN ON FIVE TOWNS

Arrest Five Persons Confiscate Im-  
mense Quantities of Liquor in  
Coal Mining Villages

BIGGEST RAID OF ITS KIND

(By United Press.)

Blanford, Ind., Feb. 13.—Forty  
federal prohibition agents from In-  
diana and Illinois, swooped down on  
five small towns in the heart of the  
coal belt in this vicinity today and  
raided places said to have huge  
stocks of liquor.

It is said to be the biggest raid  
of the kind in the country since fed-  
eral prohibition became effective.

This town was the first visited. A  
government censorship was placed  
on telephone and telegraph wires to  
prevent communication to the other  
towns.

All the villages are near Terre  
Haute. The towns are Blanford,  
Gasytown, Centenary, Shirkieville  
and Universal. Five arrests have  
been made and hundreds of gallons  
of liquor have been confiscated.

JURY FINDS FOR PLAINTIFF.

Logansport, Ind., Feb. 13.—After  
being out for seven hours, a jury in  
the Cass circuit court found for the  
plaintiff in the sum of \$8,000 in the  
case of Mrs. Viola Gummow against  
the city of Logansport, a suit for  
\$10,000 damages for the death of  
Albert Gummow, husband of the  
plaintiff.

R. E. Mansfield transacted bu-  
siness today in Indianapolis.

## I. & C. DEMANDS FREIGHT INCREASE

Local Traction Company is One of  
Three That File Petition Wanting  
Rates Raised

WANT A 40 CENT MINIMUM.

Present Charge is 25 Cents on Local  
Shipments—Other Tariffs Are Ex-  
plained

The Indianapolis and Cincinnati  
Traction and T. H. I. & E. have filed  
a petition with the Public Service  
Commission in Indianapolis, asking  
that they be given permission to  
increase their present freight rates.

In May of last year the commis-  
sion established rates for these  
companies and the petition as pre-  
sented asks for an increase on cer-  
tain classes of freight and that the  
minimum charge of 25 cents be in-  
creased to 40 cents on local ship-  
ments and to 50 cents on interline  
shipments.

The present uniform express  
freight tariffs are based on 150 per  
cent of the first class rate for local  
traffic with an increase of 20 per  
cent on traffic covering two or more  
lines. The companies desire to apply  
the 150 percent to first and lower  
classes of freight as at present, but  
desire to apply the express charge  
to shipment rates listed higher than  
first class.

O. P. Gohlins, rate expert of the  
commission, explained that bulky  
articles, such as furniture, are list-  
ed higher than first class and would  
be affected by the increase in ex-  
press rates. As an illustration, kit-  
chen cabinets are shipped by freight  
at one and one-half the first class  
rate. The first class rate is 40 cents  
for seventy-five miles. The rate for  
cabinets at present is 60 cents either  
by express or freight, but if the  
150 per cent express charge is al-  
lowed on multiple rates the express  
rate for this article would be 90  
cents.

## DELEGATION BACK FROM CONFERENCE

Local Rotarians Attending District  
Meeting at Fort Wayne Report  
A Splendid Time

MEETING PLACE UNDECIDED

The Rushville delegation at the  
eleventh district conference of Ro-  
tary Clubs, which closed at Fort  
Wayne last night, arrived home this  
morning, reporting a splendid time  
at the two-day meeting. Although  
two clubs have been organized since  
the Rushville club was started Janu-  
ary 15, Rushville was the youngest  
club possessing a charter, at the  
conference. Greensburg and Shelby-  
ville, which were organized the week  
of January 18, were both repre-  
sented at the conference but have  
not yet received a charter.

Walter E. Pittsford of Indiana-  
polis was elected district governor  
to succeed Charles E. Watkins of  
Muncie and will take office in June.  
Evansville and Lafayette contested  
for the next annual conference, but  
the place will be decided later by a  
joint meeting of the presidents and  
secretaries of the forty-two clubs  
in Indiana, to be called by the dis-  
trict governor.

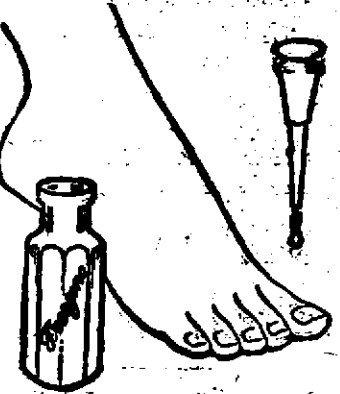

The festivities closed with a the-  
ate party, last night, in which both  
amateurs and professionals appear-  
ed. The social affairs included  
luncheons, a banquet and dance,  
and card parties, musicals and an  
automobile tour of the city for the  
women guests. Earl H. Payne, pres-  
ident of the Rushville club, repre-  
sented the local club officially as de-  
legate.

PANAMA GOVERNOR SLAIN

Panama, Feb. 13.—Governor Per-  
rigault, of the province of Chiriqui,  
which lies along the Costa Rican  
border, was assassinated at 7  
o'clock last night, according to au-  
thorities received in this city.

## Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With four fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

"Farmers should use a great deal of care in housing their animals at this time of the year," says Dr. E. W. Stouder of the agricultural extension department of Iowa state college.

"There are two extremes in housing that many farmers practice. One extreme is crowded and tight sheds or barns which have poor ventilation and are too warm at night. When the animals are turned out in the morning there is great danger that they will take pneumonia.

## CARTHAGE MEETING MONDAY

Hokey Farmers Will Meet in Library At Seven O'clock

M. F. Lovett of Carthage, president of the Ripley Township Farmers' association, has issued a call for a meeting of the township farmers for Monday night at seven o'clock. The meeting will be held in the assembly room of the library in Carthage, and M. F. Detrick, county agent, will take up the fertilizer question with them, as he has been doing with other township organizations. Several other men will be present and address the meeting.

The farmers of Ripley township are especially urged to be present and take part in the meeting.

SOME FACTS AND  
FANCIES ABOUT  
THE PHILIPPINES

There Has Been Much Misrepresentation in America About People and Conditions.

By MAXIMO M. KALAW,  
Secretary of the Philippine Mission.

Maximo M. Kalaw.

A certain lady at the St. Louis Exposition saw at a ballroom a brown-complexioned man in faultless evening dress and accosted him with the inquiry, "I suppose you are Japanese, sir?"

The man addressed replied, "No, madam."

"Then you must be Chinese," she said. "No, I am not. I am a Filipino," he replied. "How's that?" asked the lady. "I thought they were all savages living in the woods."

"Well, I'll tell you how I came here," he said. "A month before I left the Philippines I was living in the woods, but the American Governor decided to catch as many wild men as possible, train them and send them over here. So here I am, just as you see." And the St. Louis lady actually believed him.

That is what you would call fancies about the Philippines. The fact is, however, that the 11,000,000 Filipinos and their ancestors have been civilized and Christians for 300 years; that the non-Christian population, according to the census of 1918, is only 500,000, and even these are not all uncivilized.

Another fancy is that not until the coming of the Americans were school buildings seen in the islands, roads built, or substantial houses erected. Do you know that for hundreds of years the Filipinos have had colleges and schools and that the University of Santo Tomas is only twenty-five years older than Harvard? That as early as 1860, out of a population of 4,000,000 people, there were 841 schools for boys and 833 for girls? That in 1892, eight years before the coming of the Americans, there were 2,137 schools?

"To grant self-government to Luzon under Aguinaldo would be like granting self-government to an Apache reservation under some local chief." Thus spoke a former President of the United States during the Filipino-American war. Exaggeration could be an excuse at a time when the dignity of the American people demanded the extinction of Filipino opposition, but do you know that the Philippine Republic, before the American occupation of the islands, had the approval of prominent Americans who were on the spot—like John Barrett, Director of the Pan-American Union, who compared it favorably with the Japanese government? That Admiral Dewey considered the Filipinos better fitted for self-government than the Cubans? That they had drafted a constitution at Manila which elicited the approval of distinguished Republicans like the late Senator George F. Hoar? That before the coming of the Americans they had produced national heroes like the martyred Jose Rizal, pronounced by a Republican congressman, Representative Cooper, as the noblest victim that has ever fallen into the clutches of tyranny?

And do you know that the Filipinos have not had for hundreds of years any caste system, blood distinction or royal families, and that, unlike their oriental sisters, they are the only Christian people in the orient?

People have pictured an ignorant mass of Filipinos, illiterate, poor, living a life of servitude for a few wealthy land owners and foreigners, with no houses or farms or property of their own. Do you know that 70 per cent. of the people above ten years of age can read and write and that this percentage of literacy is almost as high as some of the states of the Union? That it is higher than in any country of South America, higher than the literacy of the Spanish people, and unquestionably above that of any of the new countries recognized in Europe? Do you know that there are a million and a half farms in the Philippines and that 96 per cent. of these farms are owned by Filipinos. In other words, that out of the 11,000,000 Christian Filipinos, 8,000,000 of them at least live on their own farms, with houses of their own, independent of any absentee landlord or foreign master? That 81 per cent. of the urban property consisting of houses and lands is owned by the natives of the Philippines, and only 9 per cent. is in the hands of foreigners? Yet these are facts established by Acting Governor Charles Emmet Yeater to the War Department from the recent census estimates.

Having solemnly promised the Filipinos their independence and having gone before the world as the champion of self-determination, the Filipino people cannot understand how America can consistently refuse to make good these promises.

## LADY GIANTESS SELLS GOOD

Brings \$1,000, Banner Price at J. A. Shelton & Son's Sale at Manila

Lady Giantess brought the banner price at Jesse Shelton and Son's annual sale of Poland China bred sows and gilts at Manila yesterday. She was sold to J. W. Williams and Son of Bryant, Ind., for \$1,000. There were forty head of hogs sold at an average price of \$2 making the total receipts \$1,000.

Buyers were present from Missouri, Tennessee and many parts of Indiana. Queen Dido and Lady Den each sold for \$600, the former going to L. H. Glover of Grand View, Mo. and the latter to H. A. Canary Franklin, Ind. Glover also paid \$5 for Buster Lunker. The sums paid for the other hogs in the sale ranged from \$520 to \$75.

## 6-Foot Lawyer Looked Like Pumpkin

"I was often doubled up with pains in my stomach and was yellow as a pumpkin before taking May's Wonderful Remedy, which 10 years ago saved my life. My friends had given up all hopes of my recovery, as the best doctors did not help me. Am enjoying the best of health now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Drug-gists Everywhere.—(Adv.)

## A Good Time to Buy Tankage

"Railroads have just placed an embargo on all shipments except grain"

Yours respectfully,

Swift & Co.

We have just received a car of Cincinnati Abattoir 60% tankage and are daily expecting a car of Swift's Digestor Tankage shipped just before this order went into effect.

We are offering the car just received to you at \$5.75 a bag, or \$115 a ton.

If you want to be assured of having tankage during the continuance of this embargo or a threatened railroad strike, you will do well to haul a supply for your future needs now.

# BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

## Personal Points

—Mrs. L. M. Sexton was among the visitors today in Indianapolis.  
—Perry O'Neal transacted business this morning in Indianapolis.  
—O. C. Norris left this morning on a business trip of several days to Indianapolis and other cities.  
—Will Bliss was among the business passengers this morning to Indianapolis, where he spent the day.  
—William Carr, son of Mr. and Mrs. O. L. Carr, leaves tonight for Roncove, West Virginia, where he will enter Greenbrier college for the remainder of the school term.  
—Mr. and Mrs. Earl H. Payne and daughter Elizabeth, Mr. and Mrs. A. Wyatt and son George C., Jr., Mr. and Mrs. Roy E. Harrold, Charles J. Caron and Charles F. Wilson arrived home this morning from Fort Wayne where they attended the eleventh district conference of Rotary clubs which closed last night.

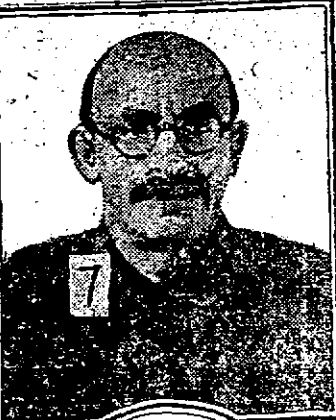

## A Correction

J. Kennard Allen wishes to make the following statement in correction of and in addition to the announcement concerning a "Bench" as published in last Tuesday's issue. This "Bench" will be a complete, motor driven, edge grinding outfit.

The "increased satisfaction" will come thru increased service and personal inspection of all work. With this machinery, he will be able to finish work the same day as the examination, whereas it now takes two days. As he will do all the work himself, he will thus be able to finish it as it should be, down to the last small detail.

Mr. Allen considers the addition of this branch of the work, as of great importance, to his clients, thru the increased service.

Mr. Allen expects the machinery to arrive sometime the last of next month, after which it will be installed in the new shop, over Kennard's Jewelry Store. His office will remain where it is at the present.

## RED PAMPHLETS YANKS SPURNED

Poison Propaganda to Russian  
A. E. F. Revealed by U. S.  
Secret Service.

Extracts from pamphlets, published by the English-speaking Communists in Russia, and distributed among the American troops in the North—now in the possession of the U. S. Department of Justice.

"Comrades! Drop this dirty work. Turn your guns on your real enemies, the sweaters and capitalists. 'Come with us in the far nobler struggle to establish the triumph of labor the world over.' (Signed) N. LENIN."

"East and Central Europe is aflame with the revolt. The exploiting class has in some countries fallen and in others are on the point of falling. The dawn of the day of Labor's emancipation has come!"

"You have arms. You know how to use them. Will you, like slaves, use them in defense of your master, or will you use them to help your class be free? If the former, then you know that you will meet with determined resistance of the united revolutionary people of East and Central Europe, and History will be your judge. If the latter, then here's a hearty welcome into the ranks of international labor."

"We want you to understand that every country in the world—including your own—can become a socialistic state, a workmen's country, if only it follows the Russian example. Every nation in the world—including the 'yankee race'—can become a really free nation, if it only goes away with the trusts, the money lords and the bloodthirsty exploiters. It is up to you American soldiers to do it! It is up to you to bring the great lesson of the Russian Revolution home to your toiling and suffering brothers. It's up to you to start it there—in your own America, you just start it—and your brothers will follow you! You just

## DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass  
of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy, and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed. "Danderine" put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

Putting all of your irons in the fire is possibly O. K.—provided you don't pick up the fire by mistake.

No, those electrical disturbances were not from Mars or Venus. 'Twas merely Old-Hi Cost signaling to earth to inquire if it is safe to climb higher.

**Carthage Man Enters Republican Race For The Joint Senatorship**

ROWLAND H. HILL

Rowland H. Hill of Carthage has announced that he is a candidate for the republican nomination for joint senator from Decatur, Hancock and Rush counties. It has been reported in political circles for some time that Mr. Hill would enter the race for joint senatorship, but it was not definitely known what he would do until the formal announcement was made. The general opinion among republicans of the district is that Lem Dobyns of Greensburg, the present senator, will not run again.

Mr. Hill has been actively con-

nected with the business interests of Carthage for a number of years and is especially known as the owner and manager of Hill Grain and Coal Co. He is also an extensive live stock feeder. He has always been active in any enterprise to forward the interests of his home community. Mr. Hill is a member of the Columbia Club in Indianapolis, a Mason, and a member of the Mystic Shrine, Murat Temple, Indianapolis; also a member of the Elks Lodge at Rushville. During the World War he was a member of the County Council of Defense and one of the directors of the Rush County Red Cross.

**Saving in Road Building**

Numberless are the persons who travel over the public thoroughfares and give never a thought to the methods by which the roads are built yet certain changes in expert opinion that found utterance at the convention of the American Society for Municipal Improvement are of practical interest to all of them. Heavy, solid foundation has been generally considered by engineers as the necessary beginning of a good road; but several experts at the convention spoke for porous, non-rigid foundations, and one maintained that for an asphalt surface a rigid base is quite undesirable. Considering the impressive program of road-building immediately in prospect, here seems to be a question which it is important to settle, and the statement that an old macadam road need not be torn up to make way for the expensive foundation of a new road, but is a good foundation in itself, sounds hopeful of a large saving of public money.—Christian Science Monitor.

The foregoing calls attention to a fact which is entitled to the very serious consideration of the Rush county board of commissioners and all other officials who have authority to order the construction of roads.

The state highway commission has already announced that this will be its policy—to use the road bed in constructing new and permanent highways instead of going to the heavy expense of digging out the material and paying for more to replace it.

For the first time the valuable crushed stone and gravel taken from a road or street was utilized

Don't laugh at lovers—laugh with them!

Men will listen to reason more than they will listen to law.

Satisfied people are no good to any community—dissatisfaction makes progress.

Hez Heek says: "You seldom find a big stomach and a big brain in the same individual."

It takes a long time for all of us to learn where our business ends other peoples' begins.

About the only economy practiced today is shown by women in saving materials when they make dresses.

when Third street was paved. The material was used for repairing Rushville streets and set a precedent which may well be followed by public officials instead of hauling costly road material to the dumping ground.

Wake up, speed up, and in time you will cash up.

Perk up, dad! Only eleven more months until you will be paying Christmas bills again.

**Our Daily Laugh**

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

The turbulent element in the colored church at Gabrieltown had tried to urge the minister out of town. He sat tight. The Sunday before Christmas brought a climax. In the middle of his sermon, Reverend Washington Hopper caught an egg on his forehead. It naturally broke and the trimmings festooned him with graceful lines if not dignity. Wiping away the unasked contribution and with fiery eyes fastened on the rear of the church, where the hostile element was congregated, the parson said:

"Friends, de sermon am oveh. We will now sing hymn seven-eleven an' after dat dey will be a short benediction. An' followin' DAT? his voice roared—"them as who elects to wait will see one of the most broad-spread nigger figs dis church ever knowed of."

Lieut. Com. Hawks, who had charge of the photographic division of navigation, has been placed on the inactive list.

Some of our Indian women are borne down physically and mentally by the weaknesses of their sex. They suffer from backache, dragging sensation, bearing-down pains, very nervous and pain in top of head. If they ask their neighbors they will be told to take a Favorite Prescription of Dr. Pierce's which has been so well and favorably known for the past half century.

Weak women should try it now. Don't wait! Today is the day to begin. This temperance tonic and nerve tonic will bring vim, vigor and vitality. Send Dr. Pierce's Favorite Prescription, Buffalo, N. Y., 10c for trial package of tablets.

Muncie, Ind.—"When I had a severe cold and was out of sorts and run-down, I used Dr. Pierce's Favorite Prescription. I only used two bottles and the very first bottle helped me. After using the two I did not require any more. This gives me faith in it as a reliable and genuine building-up medicine."—MRS. JOHN CUMMINGS, 615 East Seventh St.

New Albany, Ind.—"I used Dr. Pierce's Favorite Prescription when I had severe nervous headaches. I found that the medicine improved my general health and made my nervousness much less. And, in time, I was relieved of all the nervous troubles. I have always been glad to send Dr. Pierce's Favorite Prescription and cheerfully recommend it to any woman who needs the best women's tonic."—MRS. HENRY STARK.

**HEARTBURN**  
Caused by  
**Acid-Stomach**

That bitter heartburn, belching, food-repelling, indigestion, bloating after eating—all are caused by acid-stomach. But they are easily cured by EATONIC. They really warn you of a worst trouble if not stopped. Heartburn, biliousness, rheumatism, sciatica, flat gas, indigestion, lack of energy, nervousness, insomnia, even cancer and ulcers of the stomach and many other ailments are traceable to ACID-STOMACH.

Thousands—yes, millions—of people who ought to be well and strong are mere weaklings because of acid-stomach. They really starve in the midst of plenty because they do not get enough strength and vitality from the food they eat.

Take EATONIC and give your stomach a chance to do its work right. Make it strong, cool, sweet and comfortable. EATONIC brings quick relief for heartburn, belching, indigestion and other stomach troubles. It is a powerful stimulant—helps you get full strength from your food. Thousands say EATONIC is the most wonderful stomach remedy in the world. It really does relief when everything else fails.

Your best recommendation is what EATONIC will do for you. So get a big box of EATONIC from your favorite drug store. Use it five days. If you're not pleased, return it and get your money back.

**EATONIC**

Robert Beyer, German chemist and inventor, was the first adult German to enter Boston since the war. By his own admission he is inventor of one of the ingredients of the German poisonous gases used in the war. He left Boston for Chicago.

A MISREPRESENTED RACE.

The Filipino people are a much mis- represented race. The frequent pub- lication of pictures of semi-naked Min- danao Moros and Igorotes has caused a great many Americans to believe they are typical of the inhabitants of the Philippines. Such is far from the case, however. Of 11,000,000 inhab- itants of the islands, 10,500,000 are a Christian, civilized people with a cul- ture and refinement that will compare very favorably with that of other na- tions. The Filipino women are excep- tionally modest. A street flirtation in Manila, so far as a Filipino woman is concerned, is something that is almost unknown as any American that has visited Manila will testify.

**DRIVE AWAY HEADACHE****Rub Musterole on Forehead and Temples**

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

**A NASTY COLD****EASED AT ONCE**

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

entire party. All members are cordially invited to attend.

About one hundred and fifty attended the euchre card party and box supper given by the Immaculate Sodality of the St. Mary's Catholic church last evening in the K. of C. hall in West Second street. After auctioning off the boxes the remainder of the evening was spent over the card tables, playing euchre.

Twenty-two members were present for the regular meeting of the Woman's Home Missionary Society of the St. Paul's M. E. church yesterday afternoon held at the home of Mrs. Herbert Flint in North Perkins street. A very interesting program was given which was followed by the serving of dainty refreshments by the hostess.

**New Fashions For Springtime Maids**

By MARGARET ROHE

(Written for United Press.)

New York, Feb. 13—The Springtime maid is all mixed up over what she is to be, because the fashions seem to show so much diversity. Some say wasp waists and flaps are chic while others do opine we will adhere to straight effects and cling to length of line. That vital question—length of skirt—is still up in the air. Most of the smartest skirts are, too, you see, the models wear. And yet a goodly portion cling about the ankles prim and with their Turkish trouser drapes conceal the well-turned limb.

Then there's the footnotes of the mode, milady's dainty shoe. Some still insist the long sharp vamp our insteps step into but more and more on every hand and every foot also one sees the snub-nosed French short vamps go tripping to and fro. For many seasons they have tried to get a toehold here. That they have won by many feet it really does appear. Quite irrespective of your feet, it sort of seems to me, the shape of shoes the keynote of your temperament may be. If you elect the narrow path most decorous to tread, of course, you wear a narrow

shoe, sharp pointed; if, instead, along the broad highway of joy you archly wish to skip, a short broad vamp your high arch foot will greatly aid to trip. They come in most ornate effects with lavis straps and bows with three inch heels as high—almost—as prices, goodness knows.

Of fabrics for the Springtime wear some say the best are plaids. Hoot mon! the tartan flaunts supreme for grown ups or for tads. In crepe, in taffeta or voile in gingham, crepe de chine, in gay or neutral colors, all sorts of plaids are seen. When you have seen their chic display you're sure you'll be in bad as feminine Beau Brummells if you don't go in for plaid.

And then another faction in manner temperamental decrees the motifs of spring stuffs is all the Oriental. Morocco and Algeria, far China and Japan with a dash of little Egypt make up the general plan of blended hues harmonious designs distinct and quaint that from all other fabrics these differentiate. The most of them have backgrounds of neutral beige or gray on which gay ships go sailing or birds and beasties play. Fans, bowls of fruit or landscapes these quaint designs depict. You'll be a moving picture when in this stuff you're tricked.

From Serbia, Roumania and other Balkan spots have come designs and

colorings of reds and blues. Just like the peasantry out to gentry will be decked. When dressed up it may be hard status to detect.

But what is to be gather this conflict of the modes extremes Dame Fashion her slaveings goods? Well, reduction that seems quite me is "Be a bit of everything le dernier cri.

—Will Jay spent the day with friends in Indianapolis.

**BIFF!**

Stop jolting Liver and Bowels with violent drugs, but take "Cascarets."

"Dynamiting" bile out of your system with calomel and other sickeningatives is all wrong. Salts, Oil, thartie Waters act by flooding the with the digestive juices which to the stomach. Cascarets are d. They act as a tonic to the bowel which is the only sensible way to a bilious attack, a sour, acid or constipated bowels. There is ing or inconvenience. You natur turn to regularity and cheer Cascarets cost very little and th while you sleep.

## JUNIOR ATHLETES WILL HOLD MEET

Track and Field Contenders Will Take Part in State Meeting at Indianapolis

FAIR GROUNDS MARCH 17

12 Events Will be Staged and The Big Feature Will be the Gold Medal Prize

By HEZE CLARK  
(Written for United Press.)

Indianapolis, Ind., Feb. 13.—Track and field athletes from every part of Indiana will gather at the Coliseum, of the State Fair Grounds, March 17, to take part in the greatest athletic carnival held in the Hoosier state in more than ten years.

The indoor Junior Track and Field Championship of the Indiana Association of the A. A. U. will be held under the auspices of the Indianapolis Athletic and Canoe Club. The first event will start promptly at 8 o'clock on the night of March 17. There will be twelve events besides the medley relay race will be contested by athletes representing colleges, athletic clubs and high schools and there will be a number of unattached entries.

The meeting which is open only to amateurs is an assured success. The athletic committee of the Indianapolis Athletic and Canoe club at a recent meeting voted sufficient funds to guarantee the financial liability incurred by conducting the athletic carnival. The big coliseum is without a question the best place in the central west to hold an indoor track meet. There will be a wide track, eight laps to the mile, on which the runners can use out door spiked shoes. This assures fast time in all track events. Not only will the men run on one of the largest indoor tracks but the largest crowd that will see the meet will be able to see all of the tracks all the way around the coliseum. In most of the large gymnasiums it is necessary to erect a row of bleachers inside the track and the spectators can see only half the race.

To be eligible to contest in a Junior meet an athlete must not have won a first place in any track or field or cross country championship of any association of the Amateurs Athletic Union, International Athletic Committee or the Conference or the Conference College track meet.

The events of the big meet will be the: 50 yard dash; 220 yard dash; 440 yard dash; 880 yard run; one mile run; two mile run; one mile walk; 50 yard hurdle; race; pole vault; running high jump; running broad jump; and putting 16 pound shot.

One of the big features of the meet will be the prizes. These prizes will be the regulation solid gold Indiana A. A. U. medals for first place, silver medals for second place, and bronze medals for third place. A silver cup will be given to the team of the college or athletic club winning the largest number of points.

## THREE WEEKS CAMPAIGN

Special Revival Services Will Begin Next Sunday

Much interest naturally centers in the services of the coming Sabbath at the First Presbyterian church as that day will mark the beginning of a three weeks evangelistic campaign. The pastor will do the preaching, and will be ably assisted in his work by Mr. and Mrs. A. D. George, of Frankfort, who have had much experience in evangelistic singing, and will have charge of that phase of the meetings. A large chorus is being organized, which under Mr. George's leadership, with Mrs. George at the piano, will prove an attractive phase of the work. Services will be held at the regular hours morning and evening Sabbath, continuing each evening throughout the week. The public is most cordially invited to participate in these services.

## Don't Worry—You Can Stop the Flu!

EVEN if you have the aches and aches that may be the first sign of Flu, you can stop it quickly. Just a few of the remarkably good

**LIGHTNING LAXATIVE QUININE TABLETS.**  
Will Not Grip or Sick.

will stop your system of all signs of cold—and you feel fine again. These tablets work in 24 hours—they are safe—they are easy to take—they have pleased thousands of people. Ask your druggist or dealer for Lightning Laxative Quinine Tablets. They cost only 25 cents.

## A Coach of Beauty Adorns This Silent Chalmers

THE fine craftsmanship of coach building turned itself loose in this new appearing Chalmers. You observe a high front line and a low rear line, which a well known artist has said is the way a car should look.

You find nothing severe, however, about this Chalmers. It has a new elegance, a new grace; and yet a quiet reserve distinguishes the car from others.

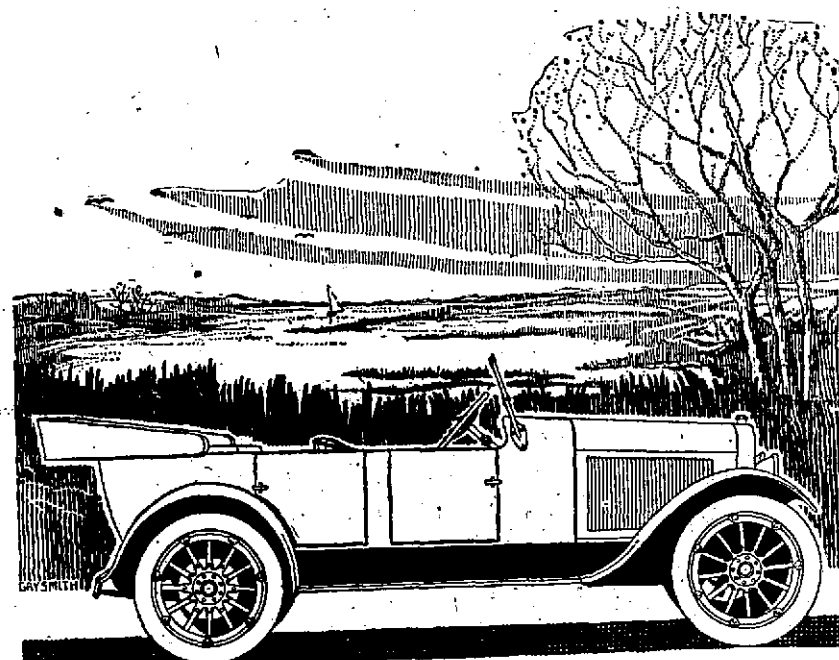

Particularly does this appeal to you after you've been seated and touch your foot to the accelerator.

The silent flow of power, the notable harmony, the ease of the engine engage you.

And again you pay a compliment to Hot Spot and Ram's horn, which tackle the low grade gas of the day and make it perform.

Thus the beauty which the eye sees is enhanced by the beauty of action of its master engine; and you, too, say with so many others that Chalmers surely is one of the few great cars of the world.

Geo. C. Alexander

## BROWN FUNERAL SATURDAY

The funeral services for Nicholas Brown, who died yesterday morning at the home of his son, Jerry Brown in Arlington, will be held Saturday afternoon at 1:30 o'clock, in the Christian church at Arlington. Burial will take place in the Arlington cemetery. The Rev. G. H. Lawton of the Christian church will have charge of the services.

# NEIGHBORHOOD DELEGATES MEET WAS ASTONISHED FOR LABOR PARTY

Whole Country Side Is Amazed  
When Mrs. McMullen Is Re-  
stored to Health

"My friends are amazed and the whole neighborhood is astonished at my wonderful recovery from twenty-four years of troubles since I have taken Tanlac," was the remarkable statement made recently by Mrs. R. McMullen who lives out on Route No. 5, Peoria, Ill., when she called at Sudiff and Case's drug store in Peoria.

"When I began taking Tanlac," she continued, "I was facing a serious operation and had given up all hope of ever seeing another well day. I had stomach trouble bad enough to almost kill me, my I just hate to think of the way those awful cramping pains used to double me up. I had to force myself to eat a little something to keep alive but every time I did I would be in agony for hours. Terrible pains would strike me around the heart and at times I would have headaches so bad I would nearly go into spasms, and I would be so completely exhausted after one of these spells that I could hardly raise my head up from the pillow. Sometimes I had to remain in bed a day or two until I could get strength enough to get up. I went on suffering this way for years and years never knowing what a well day meant or what it was to enjoy a meal and eating hardly a thing but soup. I could not think of doing my work, was not able to even get off the place and I thought I was doing fine to stay out of bed.

"I had about given up in despair when one day, just before an operation was to be performed, my husband came in with a bottle of Tanlac and began to insist so that I decided to take it. Well, you can imagine how overjoyed I was when I started to feel better, and that gave me so much encouragement that I kept right on taking it until now, the sensation of the whole neighborhood and surrounding country is the way I have been restored to complete health. After twenty-four years of suffering, I eat anything I want and as much as I want without ever having a touch of indigestion. I never have a pain in my stomach or around my heart. I don't have a sign of a headache and I sleep like a child and get up just feeling simply fine. I have been built up in every way, am stronger than I have been in years. I owe it all to Tanlac and my only regret is that I will never be able to praise it enough."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Mamilla by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis—(Adv.)

## PUBLIC SALE

I, the undersigned, will offer at public auction at what is known as the old Perry McCrory homestead, 2 1/2 miles southwest of Glenwood, 7 miles east of Rushville, on the Noble and Union township line, my entire lot of personal property, on

**TUESDAY, FEBRUARY 17, 1920**

Unionized Labor in Indiana Sends  
Delegations to Indianapolis For  
Conference Today

**NO STATE TICKET EXPECTED**

More Than Six Hundred Unions  
are Affiliated With State Political Organization

Indianapolis, Feb. 13—Organized labor came to Indianapolis today to take its place in the political sun.

Delegates representing a majority of the local unions of labor organizations throughout the state assembled here to form a state labor party. The movement is fostered by the state federation of labor.

It has been predicted that there will be a strong current of sentiment within the convention against naming candidates for state parties, should such a movement be started. The opposition is based on the grounds that all laboring men could not be pledged to support any one candidate named.

Those favoring organization of a party without naming candidates say that the party should not be pledged to support any certain candidate or group of candidates, but should be left free to vote for anyone favoring labor. This group is of the opinion that labor could make better progress by not placing a ballot before the people for acceptance or rejection.

Between seven and eight hundred delegates were expected to attend the meeting. More than six hundred local unions are affiliated with the state organization and each local was asked to send one delegate for every fifty men belonging to their union. It was thought, however, that many of them would send only one representative for the entire local.

### SILOS INCREASING RAPIDLY

Becoming Necessary on Every Farm in  
Pennsylvania—Lenses Cost  
of Production.

Statistical information recently collected by the bureau of statistics, Pennsylvania department of agriculture, shows that approximately 20 per cent, or 43,637 farmers in that state are now using silos. The number one year ago was estimated at 32,900. The silo is rapidly becoming a necessity on practically every farm, for storage greatly lessens the cost of production of a pound of butter or a pound of beef.

## Rushville Implement Co.

Phone 2323.

"The store of quality and service."

## "THEY TAKE OUR MEN."

By W. L. BRYAN, President Indiana University.

I wish that every citizen of Indiana could know that Indiana ranks FORTY-THIRD among the forty-eight states in the amount which it gives for higher education in proportion to its wealth.

I have before me the figures in an official bulletin of the United States government. Only five states of the Union do LESS for higher education in proportion to their wealth than Indiana does.

North, South, East, West—Delaware, Alabama, Idaho, Texas—large states, small states, rich states, poor states—FORTY-TWO OF THEM ARE GIVING MORE IN PROPORTION OF THEIR SUBSTANCE FOR HIGHER EDUCATION THAN INDIANA IS GIVING!

This result is—and every citizen of Indiana should know this, also—that the members of the faculty of Indiana University and of Purdue University are taken away, not simply by the great universities of the East as they have been for forty years, but by the states all around us.

Why should Illinois take Indi-

ana's men? Why should Missouri take away Indiana's men? Why should Washington and Idaho take away Indiana's men? What do we think of ourselves? How do we propose that Indiana shall rank among the states of the Union?

I have lived in Indiana all my life. I love Indiana as Riley did. I have said and I believe that Indiana is our Holy Land, as near to heaven as Jerusalem or Sinai. But when I see the vast procession of the states marching toward the intellectual leadership of the world and when I see where Indiana is willing to march in that procession, I burn with shame.

This is no mere matter of rhetoric. They take our men. Every year they take our men.

I say that there are no men too good for Indiana. I say that no price which Illinois University will pay for an Indiana man is too much for Indiana to pay him!

I say that Indiana must march in education where it marched on the field of battle—at the head of the front line!

## PURDUE FORMS NEW CLASS

Will Offer Instruction in Motor Mechanics and Artillery

Lafayette, Feb. 13—Classes in motor mechanics, gunnery and other specialized branches of motorized artillery work have been organized among Purdue University students. The university has one of the two motorized units for the Reserve Officers' Training Corps in the U. S. and the entire student body has shown a great deal of interest in this phase of university work, despite the fact that military drill and tactics are part of the requirements for only freshmen and sophomores. Lieut. Col. R. G. Kirkwood, Commandant, has started a system of citations for the various batteries and as the citations are sewed on the guidons, considerable friendly rivalry has been stirred up between the various units.

## GIVE SHEEP GOOD ATTENTION

Pens Should Be Level and Dry, as  
Moist or Fermenting Manure Will  
Cause Trouble.

Keep the sheep pens level and dry—moist or fermenting manure is sure to cause snuffles and footrot. After the pens are cleaned, dust with plaster, and spread down a thin coat of dry clean straw. Just enough straw should be spread to keep the sheep dry and comfortable. Have a wide door hung on rollers—opening out into the yard. A narrow door is dangerous—and may cause the injury of one or more ewes or lambs.

Absolute regularity in feeding is to be aimed at, and the flock must be so divided that the stronger will not get more than their share of feed. It is as bad for them as for the underlings. The latter have at least a good appetite, the former often surfeited and fall off in condition accordingly.

## WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health  
Officials Warn People to

Keep Clean.  
Stay Away from People with  
Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

**Arcline**  
is the deodorizer that  
contains the proper  
proportion of  
menthol and eucalypti  
as used by United States  
Army Medical surgeons

## How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal worms  
do not like, they lay dormant. The hog which is fed **ACME**  
**WORM BOUNCER** in the SELF FEEDER eats a little—several  
times a day. The **WORM BOUNCER** goes into the stomach and  
intestines STRAIGHT. The time comes when the worm must eat  
and when he does, the **ACME WORM BOUNCER** PARALYZES  
the worm—he then must let go—and in that manner the **ACME**  
**WORM BOUNCER** expells the worms and **EXPILLS THEM**  
**ALIVE** from 5 to 7 days after you commence to feed **ACME**  
**WORM BOUNCER**.

**ACME WORM BOUNCER** is fed with perfect safety to all  
pregnant animals, whereas any remedy that kills the worms in  
the **INTESTINES AND STOMACH** is very injurious to the ani-  
mal and very dangerous to use.

**R. G. WELLMAN, Agt.**

## THOUSANDS OF WILD ANIMALS DESTROYED

At Least \$5,000,000 Saved to  
Farmers and Stockmen.

Marked Decrease in Number of Coy-  
otes Followed by Corresponding  
Decrease in Loss of Sheep, Cat-  
tle, Pigs and Poultry.

(Prepared by the United States Depart-  
ment of Agriculture.)

Taking the estimates of farmers and  
stockmen themselves, there has been  
saved to them during the past year  
not less than \$5,000,000 from the  
hunting of predatory wild animals by  
the United States department of ag-  
riculture, in co-operation with the  
states. The work is done by the  
bureau of biological survey and such  
agencies as are designated by the  
various states. During the past fiscal  
year about 32,000 wild animals were  
killed under the direction of the bi-  
ological survey by a force of between  
400 and 500 skilled hunters. Indi-  
cations are still greater numbers were  
killed, by poisoning, though no actual  
count was made of animals thus de-  
stroyed.

Extensive poisoning operations were  
conducted in the great sheep-growing  
sections of Arizona, Colorado, Nevada,  
New Mexico, Utah, and Wyoming.  
This was followed by a marked de-  
crease in the number of coyotes, par-  
ticularly with a corresponding de-  
crease in the losses of sheep, cattle,

Half-Grown Mountain Lions Snapped  
in Top of a Yellow Pine Tree—  
There Are Still a Considerable Num-  
ber of These Animals in the West  
Which Have Eluded the Hunters.

pigs, colts, and poultry. Stockmen  
say that on many important ranges  
and lambing grounds the former heavy  
annual losses have become negligible  
or have been entirely eliminated. As  
an illustration, there is an area about  
75 miles in diameter in western Col-  
orado where sheep owners formerly  
reported an average loss of about 25  
sheep a day throughout the season.  
Poisoning operations have been con-  
ducted through two successive sea-  
sons. Destruction of predatory ani-  
mals has been so thorough that sheep  
now range freely, sometimes unat-  
tended for several days in succession,  
without loss. Losses throughout the  
area are nominal.

### BORAX USED IN FERTILIZER

Container Must Be Properly Marked  
According to Order of Secre-  
tary of Agriculture.

A recent order signed under the  
control act by the secretary of ag-  
riculture, and issued by the bureau of  
soils of the United States department  
of agriculture provides as follows:  
"That hereafter no licensee handling  
or dealing in fertilizers or fertilizer  
ingredients shall sell for application  
to the soil any mixed fertilizer which  
contains more than one-tenth of 1 per  
cent of boron, expressed as anhydrous  
borax, unless the container thereon  
be marked, tagged, branded, or labeled  
so as to show plainly and conspicu-  
ously, as part of the analysis, the per-  
centage of borax present."

### ANIMAL FOOD IS ESSENTIAL

Farmer Makes Mistake in Neglecting  
Any of Elements in Ration  
Stimulating Eggs.

Many poultry flocks which receive  
an abundance of fine quality grain do  
not lay many eggs in the winter due  
to a lack of animal food like sour  
milk, buttermilk or beef scrap. Many  
experiments by practical farmers  
prove the value of both beef scrap and  
sour milk in the hen's ration. At the  
present price of grain and eggs the  
farmer can hardly afford to neglect  
any of the elements in the ration  
which enable the hen to pay for her  
feed.

### EXCELLENT FEED FOR SHEEP

Ewes Thrive on Three to Five Pounds  
of Silage Daily, With Alfalfa,  
as Roughage.

An ideal winter feed for breeding  
ewes is three to five pounds per day of  
good corn silage to each ewe, and what  
alfalfa hay they will eat up clean. The  
silage should be made from well-mat-  
ured, well-cured corn.

## The Power of Money

When William Payne, the banker at  
Bisonville, decreed that no farmer who did  
not raise cows as well as wheat could borrow money  
from him, the angry grain growers almost lynched  
him. But they had to do as he demanded—and today  
his county is an oasis in a blowaway desert, his de-  
positors and borrowers are prosperous farmers, his  
bank is looked upon as the agricultural father of the  
whole countryside. Such is *The Power of Money*  
for Good. Herbert Quick, formerly a member of the  
Farm Loan Board, tells the story in the February 7th  
issue of

## BANKING RESOURCES TOTAL 45 BILLION

Comptroller of the Currency Wil-  
liams Makes Annual Report  
to Congress Today.

### 1 OUT OF 6 HAS BANK ACCOUNT

Washington, Feb. 13—Banking  
resources of the United States now  
total more than \$45,000,000,000,  
Comptroller of the Currency John S.  
Williams stated in his annual report  
to congress.

Of this, national banks on Nov-  
ember 17, 1919, held \$24,444,000,  
000, an increase of \$11,585,000,000  
since August 1, 1914; and state  
banks on June 30, 1919, held \$26,  
380,000,000, an increase of \$11,  
705,000,000 since June, 1913.

The report showed a banking pow-  
er nine times more than it was 30  
years ago, Williams stated.

One person out of every six has  
a banking account, according to the  
report.

Williams suggested that the United  
States might solve the question of  
collection of foreign balance by fur-  
nishing the European countries the  
crude material which their people  
need so that they may convert the  
raw material into articles and mer-  
chandise worth from ten to a thou-  
sand times the value of raw products.

## USE EYES WHEN BUYING ASPIRIN

Take tablets without fear, if they  
are marked with the  
"Bayer Cross."

To get genuine "Bayer Tablets of  
Aspirin" you must look for the safety  
"Bayer Cross" on each package and on  
each tablet.

The "Bayer Cross" means true, world-  
famous Aspirin, prescribed by physicians  
for over eighteen years, and proved safe  
by millions for Colds, Headache, Ear-  
ache, Toothache, Neuritis, Lumbago,  
Neuritis, and for Pain in general. Pro-  
per and safe directions are in each un-  
broken "Bayer" package.

Handy tin boxes of 12 tablets cost but  
a few cents. Druggists also sell larger  
"Bayer" packages. Aspirin is the trade  
mark of Bayer Manufacture of Mono-  
aceticacidester of Salicylicacid.

## Yellow Mustard for Sore Throat, Tonsillitis

Old fashioned remedies are often the best. Yellow Mustard, in the form of plaster or poultice, has been used for generations for soreness, inflammation, congestions, swellings with the most excellent results but — it blistered.

Heat eases pain and Begy's Mustardine made of pure yellow mustard, together with other pain relieving ingredients, is just as hot, but quicker, cleaner and more effective and cannot blister.

When your throat is sore, when you have pleurisy, bronchitis or a pain-shooting chest cold you can get speedy and lasting relief with this most effective preparation because heat eases pain. Every druggist has it—30 and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

**BEGY'S  
MUSTARDINE**  
THE YELLOW BOY

HERBERT PUTNAM

Herbert Putnam, librarian of congress, who has declined the Distinguished Service Medal awarded him by the war department. Putnam was chairman of the American Library Association which undertook the distribution of books and other reading matter among soldiers in domestic and overseas service.

## Amusements

### Charles Chaplin at Princess

Patrons of the Princess theater will have an opportunity of seeing a double program tonight and Saturday, in which it will be hard to tell which one of the two pictures will be the best drawing card. Charles Chaplin will be seen in his latest picture, "A Day's Pleasure" and Charles Ray in "Red Hot Dollars." Both pictures will be shown today and tomorrow.

While you're praising Charles Ray for the remarkably true-to-life small town atmosphere of "Red Hot Dollars," don't forget Julien Josephson, who wrote the story.

Mr. Josephson is a genial jack-of-all-trades who drifted into motion pictures by mere chance. He knows country villages life a book, because he has lived in one most of his life. He started as a rural merchant, conducting the general store in his native town in southern Oregon. In that way he earned enough to put himself through Stanford University. Gradually, he took up store-keeping again, but tried to inject into it some of the ultra-modern features that he had picked up in college. The result was financial failure.

A flyer in politics shortly afterward proved a "flier" and Mr. Josephson journeyed to San Francisco and got a job as clerk in a shoe store. All the while he had been dabbling in literature, though with little success, chiefly because he was writing about faraway people and things. He finally reversed his tactics and tried a story about the folks he knew back in Oregon. Someone read it suggested Thomas H. Ince as a possible buyer. Mr. Ince accepted it instantly as a vehicle for Charles Ray and shortly afterward Mr. Josephson joined the Ince staff, turning out such Ray stories as "The Egg Crate Wallop," "Crooked Straight," and "Red Hot Dollars."

### "The Trembling Hour" at Mystic

"Mah Goodness!" exclaimed Kenneth Harlan's negro man-servant at Universal City recently "but mah shire does require a large amount of make-up since he done got his face tanned in the army." Harlan, who is to be seen in "The Trembling Hour," acquired his tan with the 143rd Field Artillery in France. The story of the crime and the solution of the baffling mystery is being shown at the Mystic tonight in "The Trembling Hour," a Universal photodrama starring Helen Eddy and Kenneth Harlan.

Tail spins, nose dives, side slips and overturns by airplanes in a battle scene provides thrills in the Vitagraph feature "Daring Hearts," which will be shown at Mystic theater on Saturday.

Francis X. Bushman and Beverly

## ALL HOPE BEEN ABANDONED FOR HEALTH OF LADY

After Four Years Suffering Trutona Returns Mrs. Fay Little to Happiness

Anderson, Ind., Feb. 12.—"I had tried so many medicines without gaining relief I had almost given up hopes of finding one that would help me until I found Trutona." This is the convincing statement of Mrs. Fay Little of 8, East Sixth Street. Mr. Little is the proprietor of a barber shop at 707, North Main Street and both are well known here.

"For the past four or five years I've suffered from stomach trouble and nervousness," Mrs. Little said. "Lately I have been almost a nervous wreck. I became almost afraid to eat anything as invariably after meals I had pains in my stomach and felt bloated and had to belch annoyingly. I suffered from headaches a great deal I was so nervous that a little noise would make me jump. Of course I didn't sleep well at night at all."

"I'm certainly a different person since taking Trutona. Why, I can eat anything I care to now, and I don't have to fear the pains in my stomach or even the former bloating and belching. I'm not bothered with headaches now, and I'm not nervous at all. I sleep splendidly at night, too. Trutona has relieved me of the troubles that I've had all these years and I'm surely glad to recommend it."

Trutona is now being introduced and explained in Rushville at Hargrove & Mullin's Drug Store. Adv.

Designers and Builders of Artists' Memorials

ANTHONY H. SCHRICHT, Prop.

117-121 SOUTH MAIN ST.

RUSHVILLE, IND.

Bayne are starred in the film.

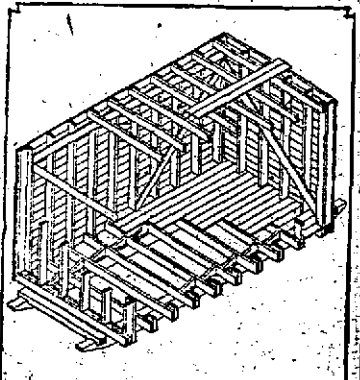

The airplane spectacle was enacted by a group of the most daring fliers in the American army aviation section. It constitutes one of the greatest exhibitions of trick flying ever put upon the screen.

Mr. Bushman appears in this episode as an American ace fighting five enemy airmen high above the battle ground. He is seen to turn his machine gun on one after another of the Huns, and in turn three of the latter's machines swirl into a death fall. The machines making the plunge to earth perform gyrations that are vividly faithful to the tragic things that used to happen in France. A Harold Lloyd comedy will also be shown here tomorrow.

### Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years established merit. Try it.

### PE-RU-NA

For Catarrh and Catarrhal Conditions

It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and joints, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle. PE-RU-NA is a good medicine to have in the house, ready to take for emergencies. It is a good remedy to use any time.

### GRAIN CARS WERE "PLUGGED"

Unscrupulous Shippers Detected in Practice of Plugging Inferior Corn on Bottom.

Heavy loading of grain, due to shortage of cars, offers a temptation to the unscrupulous shipper to "plug" his load by placing inferior grain on the bottom of the load to escape detection, according to reports received by the bureau of markets, United States department of agriculture. When the car is heavily loaded it is sometimes difficult for grain inspectors to reach the bottom of the car with the ordinary grain triler.

Federal grain supervision offices report a few recent discoveries of this practice. In one case a car of corn which the inspector had graded No. 2 mixed was found to have about 1 1/2 feet of musty, heat-damaged corn on the bottom of the car. The supervision grade was No. 6 mixed on account of musty odor, 2.2 per cent heat damaged and 11 per cent total damaged.

In another instance about 1 1/2 feet of very musty wheat was found on the bottom of a car of wheat which otherwise graded No. 1, free from shunt.

While this practice is by no means common, inspectors have been warned to be careful to get representative samples and to be especially particular when sampling heavily loaded cars.

### CONFERENCE AT RICHMOND

Richmond, Feb. 13—The ninth annual Indiana Student Missionary Conference met here today for a three day session. More than three hundred delegates represented in twenty Indiana delegates and universities were here for the conference, which will continue through Sunday.

**HEARTBURN**
